MEMORANDUM FOR: THE DIRECTOR

The wording of 2. a. is satisfactory to me, and I believe it no longer carries the same implications as to John Warner's personal status as might have been read in before. Where John has felt an over-all responsibility to Red White in the legislative field, I understand Kirk and Red are in agreement that when this is published Red will be consulted and informed appropriately on legislative matters in line with his DD/S responsibilities but no longer is responsible for general guidance and supervision which goes to Kirk. I think this is as it should be and will work, certainly as long as Kirk and Red are the ones we deal with.
